Chorus:

I wanna be your sunshine
I wanna be your lady
I wanna make you happy
I wanna drive you crazy
I gotta be right there when ever you call on me
I wanna be your everything
So tell me if you're feeling me

Verse 1:

Now all my life i've never felt like this
for someone else yeah baby
i'm feeling you the way that you'd been there for me
when no-one else in the world even care for me
you held me close the way
you told me things would be ok
All my bad days
and most of my good times were cuz of you (thank you
baby)
knowing we were strong
cuz of the things that we've been through
your the one i wanna go home with
to make my memories to cherish
and hold in the back of my mind
a girl like you was hard to find in this crazy world
of material things you loved me when I had nothing
you made me worth something

Chorus:

I wanna be your sunshine
I wanna be your lady
I wanna make you happy
I wanna drive you crazy
I gotta be right there when ever you call on me
I wanna be your everything
So tell me if you're feeling me

Verse 2:

Not once, not twice, but your three times the lady
The comfort of your arms
got me feeling like your baby

I'll be there for you
lets make love into memories
Your tender touch and your smile
always get the best of me
Never let you go or treat you bad
give you all I have
I belong to you and only you
girl I want you bad
you wanna be my sun love
i wanna be your light
you wanna be my lady
i'm thinking more like my wife (come on)
got me feeling crazy girl you driving me wild
I can make you happy if you come with me now
Let me be your everything baby do all I can
What I'm trying to say to you now
I wanna be your man

Chorus:

I wanna be your sunshine
I wanna be your lady
I wanna make you happy
I wanna drive you crazy
I gotta be right there whenever you call on me
I wanna be your everything
So tell me if you're feeling me

Verse 3:

This is for my muñeca with those pretty brown eyes
Have I ever told you girl that you're always on my mind
And when I finally get to see you, I feel a rush inside
A thousand times a day your pretty face runs through
my mind
I wanna stay with you cuz it was meant to be
your like an angel from the heavens that was sent to
me
My precious one the one that feels my days with
happiness
The one that keeps me focused when I, I start to stress
I Wanna thank you baby for all the many things you've
done for me
And all the goodness that you've always put inside of
me
With that pretty face with that sexy walk
With that loving that you give me when the lights is off

Chorus:

I wanna be your sunshine (your sunshine baby)
I wanna be your lady (come on come on)
I wanna make you happy (I'll make you happy too baby)
I wanna drive you crazy (did I ever let you know that)

I gotta be right there (i'm kinda crazy for you)
Whenever you call on me (whatever you need girl just
let me know)
I wanna be your everything (I wanna be your number
one come on)
So tell me if you're feeling me
