You know that I been wishin for you some day I know
you're comin back
I know your comin back girl someday
Tell me why you went away and left me lonely
NB Ridaz.com

I'm wishin on a star (I'm wishin a star)
To follow where you are (to follow where you are)
Im wishin on a dream (I'm wishin on a dream)
To follow all my dreams (to follow all my dreams)
To make you come back to me

If I could take every second, every moment that we
spent
Erase it from my life and start over again
I wouldn't do it, I couldn't even try
Cause even if the pain and tears never dry
At least I know I had my days with you
Rememberin when it was just me and you
I close my eyes and wish it was a dream
That I could wake up and you would be next to me
Did you love me?
Did you lie to me?
Why'd you make a promise that you knew you couldn't
keep?
You got me twisted and I'm losin my grip
If I never met you girl, love wouldn't mean sh...
So I ain't never givin up on you
I built my whole world and it was all around you
I made a promise and I'm keepin it true
So I'll never love again if I can't have you

I'm wishin on a star (I'm wishin a star)
To follow where you are (to follow where you are)
Im wishin on a dream (I'm wishin on a dream)
To follow all my dreams (to follow all my dreams)
To make you come back, come back

If I had a wish, baby it would be this
Take you back to the days when we first kissed
You had never been touched, we loved each other so

much
Holding you tight under the moon at night
I was yours, you were mine
Everything was so right
I Wish upon a star, most precious of all
Can't imagine being without you
With all we been through
There's nothin in this world I wouldn't do for you
Now I sit here alone, never knew I could cry
All I have is painfull memories
Wonderin why you left me cold
Ripped my heart and my soul
Everyday I pray, I see you smile once more
Come back, love I need you can't take it no more,
Dyin inside, life means nothin no more
Don't wanna say goodbye
But I gotta let you know
If you ever change your mind
My love is all yours

I'm wishin on a star
You know I'm wishin on a star
Tryin to follow where you are (you are, you are)
(Where are you baby)
You know I'm wishin on a star (Maybe in another
lifetime)
Tryin to follow where you are
Oh you are, you are, you are

Now when I had you I loved you
And When you had me all you ever did was hurt me
Even when I wanted to let go, I couldn't
My soul wouldn't let me
Even through the bad times, I smiled
And the good days we shared together
It's hard to enjoy the success without you here
But I maintain
Magic told me this was gonna be best verse
I told him I just wrote it down cause my soul hurt
I'm tired of living a lie
I miss how she hugged and kissed me,
Loved and held me
Never thought my heaven could turn to hell so quickly
You gave me this broken heart,
You're the only one who can fix it
Forget the past, we gotta lot of time to make up for that
And even though we met other people
We have to admit its never equal the sunshine
And pleasure that we made together

I'm wishin on a star

You know I'm wishin on a star
Tryin to follow where you are (you are, you are)
(Where are you baby)
You know I'm wishin on a star
Tryin to follow where you are
Oh you are, you are, you are
