You're my lady,
Always been so true,
This is why i sing this song for you,
And you're my lady, always in my life,
And i wanna thank you for me and down to ride.

Forever yours forever mine our love will always shine,
No matter situations you were always by my side,
Never the less you are the best of me and the years
that i live,
Only luv that i got my right hand my best friend,
Who must've sent such an angel to this world that is
cold?
You belong in the heavens not this ignorant world,
Your my gurl my all this thing no man could ever have,
Im glad that you're mine and Im proud to be your
man,
Understand there is no other rithoritios to feel,
Staying true like you,
Never breaking no rule,
Lord forgive me for the things that i have done to you,
If you wind up in my life i wouldn't know what to do,
Wont complain about no money didn't faze when i
was broke,
All we needed was each other luv is strong to let go,
If i die tonight all i want to let you know,
Reminis on wat we had hold me tight and don't let go
gurl,

Whoahh gurl you're the one for me,
Never ever let me down you will always be around,
Gurl i had to thank you baby,
Always standing by my side,
So don't you ever leave my life,

Even through these hard times we continue to face,
It's like deep inside of me you can never be replaced,
Like when we struggle we get tested of faith,
But you been strong and stood by me every step of the
way,
I thank the lord for the day he brought you into my life,
Changed my world my destiny and gave me new life,

So if you got somebody special that's always been true,
Show love and take note and everything that they do,
I could never take for granted what she's done for me,
Even when we disagree she still stands by me ,
Late night road trips showing mad support ,
The type of gurl that every homie should be keepin close,
Cause you're that type of gurl that never let me down,
Encouraged me to see the light when no one else would come around,
Down when i had money and down when i was broke ,
So if i die tonight hold me tight and don't let go ,

Whoahh gurl you're the one for me,
Never ever let me down you will always be around,
Gurl i had to thank you baby,
Always standing by my side,
So don't you ever leave my life,

I guess that you can say i owe my life to you,
The only dream that really matters is to be with you,
Cause even though argue when we fight sometimes,
You'll always be my queen until the end of time,
Im giving love to the one that i was still by my side,
If you ever need me baby for you i give my life,
You've been so true that's why i to these feelings i wont hide,
My luv goes out to you gurl i never leave you aside
yeah,

You're my lady,
Always been so true,
This is why i sing this song for you,
And you're my lady, always in my life,
And i wanna thank you for me and down to ride,

You're my lady,
Always been so true,
This is why i sing this song for you,
