You got your guns straight by your side  
You know how to use them right  
When you shoot you shoot to kill  
Now who's gonna bleed tonight  
High noon in the red room  
We're licking our wounds  
Someday sometime  
Hello bye and bye

This town is wildly rotten  
When we'll be burning it down  
We will not be be forgotten  
When it's one more time around

Bye bye love can't you see  
Oh the girl is not good for me  
Bye bye love shame on me  
Oh the girl is not good, she's not good for me

Everything is going right  
Everybody's looking for a fight

I come to your door  
Just like I did before  
You are my perfect drug  
I'll be swept under your rug  
High noon in the red room  
We're licking our wounds  
Hello bye and bye  
Someday sometimes

This town is wildly rotten  
When we'll be burning it down  
We will not be be forgotten  
When it's one more time around

Bye bye love can't you see  
Oh the girl is not good for me  
Bye bye love shame on me  
Oh the girl is not good, she's not good for me

Everything is going right

Everybody's looking for a fight
