I would give my life for you. you mean the world to

Babe oh oh you know I love you.(ah come on

We can runaway.(its nb-ridaz) just me and you.(same
click new title title)just
You and me. will you runaway with me.

The day that I wrote these words for you I cry.i could
die that day.happy and
Complete man cause in the plam of my hands
everything that I dream for more and
You know that I'm down for yours forever in life the
reason that I made you my
Wife is because you seen me for me. the real me and
love me uncondishly and
Ever with the sercom that I hand it you still gave me a
chance and thats why I
Live and breath for you and the kids and you give more
then this fame could
Ever give me.and now my life is seciftiy and complete.,
visions are coming true
Yeah of me and you. placing rings on each other
fanger saying I do. you stuck
With me though my thick and thin.to go back. live live
over again nah this is
My destiny it was worth the ageny to get the easty.

We can runaway and spend some time. always be the
one right by your side. tell the
Whole world that you belong to me. you are my
everything. oh..... I want to
Runaway with you. do, do, do,do (chorus)

I never ever met a shorty that was quite like you. when
ever though it was
Wrong I fall in love with you. now we sit here not
knowing really what to do.
But I'm sure that you know that I'll give the world for
you. if I could runaway
With you. I even think twice. I promise girl I put it all on
the line. I know

That forever seems to be a long time. but thats what
I'm seeing when I look
Into your eyes. and it don't matter what your friends
might say. cause I know
That deep inside you feel the same way.you can tell me
what you want.but I
Could read your mind. so quit lieing to yourself. and
put your hand in mine. I
Get excited every time that you come close. and being
right here with you is
What I love the most. so many time that you are feeling
lonely inside. we can
Runaway together leave this world behind.

(chorus)

Waking up in the morning. and you are still not there.
cant we runaway and
Escape somewhere. missing your soft touch your lips
next to mine. holding up
Your hands as you look in my eyes. what must happen
to the love that we both felt
Inside. emotions were strong and the feeling was right.
now we don't speak
Anymore. you went your own way. and thats what loves
about then I was miss
Lead. go head and take your time. if that if what you
need. my love for you
Is forever and my heart for you bleads. things happen
for a reason. so I ask
Myself. should I be strong or wait or move on to
someone else I know that you
Still love me. I can feel it inside you always keep it real
no games no lies if
You ever feeling lonely feel the need to get away
Call me up I'll be there together we will runaway .

(chorus)
