If pride's a sin, I'll see you in hell
For how proud I have been.

And even if you're my guardian angel
That doesn't mean I can't be looking out for you

So keep a smile upon your face
For the entire human race
It's only laugh lines after all

I'm scared as hell although
It's always comforting to know

A reminder of myself
Locked inside somebody else.

It's good to know
Where in this together

Bound by blood
Cause blood's forever.

They say that you can't choose your friends

The past on the bottom of your shoes
This great big world is yours to use
So choose a path of forge your own
I still can believe how much you've grown

The memories are souvenirs
You've had my back for 17 years
This is not a ballad is a guarantee

I'll pass the strength you've given me
Onto you when you're in need.
You can fool the world but not your family.

So keep a smile upon your face
For the entire human race
It's only laugh lines after all
