Verse 1

Sorry that I've been so off and on
One day I'm feelin you, the next day I don't know
The reason is, that I've been hurt before,
And now I'm insecure, I don't wanna feel it no more
But still...

Chorus:

I really need someone that I can call my own
That loves me just for me, I'm tired of being alone
Could you be that someone, That I can call my own
That loves me just for me, I'm tired of being alone

Verse 2

I don't call you like I should, and it's taking me awhile,
To open up to you
But when I look in the mirror I'm just not the same
And baby you are not to blame,
I'm just being careful with my heart

Bridge 1

I need girl with a sensitive body
Is it you?
I need a girl that's exclusively for me
Hopefully it's you...

Chorusx2:

I really need someone that I can call my own
That loves me just for me, I'm tired of being alone
Could you be that someone, That I can call my own
That loves me just for me, I'm tired of being alone

Bridge 2

If you just hold on,
I need you to stay strong
Just a little longer... I'm tired of being alone
I'm a little out of a character, this aint really me
Wait and you'll see, just hang in there with me...

Chorus x3:

I really need someone that I can call my own
That loves me just for me, I'm tired of being alone

Could you be that someone, That I can call my own
That loves me just for me, I'm tired of being alone

I need girl with a sensitive body
Is it you?
I need a girl that's exclusively for me
Hopefully it's you...

Chorus till end:
I really need someone that I can call my own
That loves me just for me, I'm tired of being alone
Could you be that someone, That I can call my own
That loves me just for me, I'm tired of being alone
