[Verse 1:]

For a minute it was looking like  
I'd end up one of those guys,  
Spendin my whole life  
Looking for a special lady who'd save me  
Maybe I'll never be satisfied  
Had a couple bad ones and a couple dimes.  
(Now I'm looking for you, ) why are you so hard to find

[Hook:]

I thought I took one step, I took two back  
I'm not even close this time and that's a fact  
All I know is that we'd be the perfect match  
So where you at love?  
I just gotta find you here.

[Chorus:]

I wanna know, I wanna know your name (your name)[x2]  
Why you gotta be anonymous?  
I gotta know, I gotta know your name (your name)[x2]  
Why you gotta be anonymous?  
Baby I want you so much  
Wanna hold wanna feel your touch  
Go fast girl I'm in a rush  
Why you gotta be anonymous?  
I wanna know, I gotta know your name (your name)[x2]  
Why you gotta be anonymous?

[Bridge:]

What's your name? (Anonymous)  
Where you at? (Anonymous)  
Think about you I getta a rush  
I meet my miss Anonymous.

[Verse 2:]

Then I see you when I close my eyes we all on borrow  
times  
When we delay the sunlight.  
Everything I tried to tell you I failed to  
Maybe I'll tell you another time (another time)  
How you keeping me so preoccupied

Gotta strung all on me and aim me, oh nevermind.
