Riding down B-street with the music up loud
System in the back gun in her lap oh yea she get down
like that
But from her head down to her toes she's a lady
Always got my back she neva shady shady
She standing on the grind I'm always on her mind
And she's on mine

{Chrous}

She got that gansta love I can't get enough
When she pick me up she be swirvin
Rolling in a clean old school on 22's
Right there with the drop top you know how she do
She got that gansta love I can't get enough
When we hit the club she be spendin dubs show nuff
Just like one of my homies she's my one and only
ghetto gansta queen
You know how she do
