Yeah, ok, I wanna know, will I ever fall in love  
Are all the good girls taken off? off, off  
I need, a diamond, the streets and the sheets  
I need some money that I want me for me  
I need money cause I'm out of â€¦  
It's more than just beat beat  
She could go to the club and she knows how to party  
When she come back home I'm the only one to get her  
loving  
She can put it in your eyes, baby wanna stay down for  
the rest of my life  
Baby wanna stay down, I wanna know, who wanna have  
my baby?  
Who wanna be my lady? Yeah, who wanna have my  
baby?  
Who wanna be my lady

I wanna know, will I ever fall in love  
Are all the good girls taken off? off, off  
Cause one day I hope that I'll fall in love,  
to find a good one to take her off, off, off  
Where are my good girls at? Where they're at? Where  
they're at?  
Where are my good girls at? Where they're at? Where  
they're at?  
Where are my good girls at? Where are my good girls  
at?  
Where are my good girls at?  
Where they're at? Where they're at? Where they're at?

If you're really right, I'ma let you meet my mom  
If you're really right, you won't cause me no drama  
If you're really right, let your rhythms with the beat  
If you're really right, â€¦ over your friends  
I've been in every club, follow every bar, been around  
the world,  
but I'm still looking for a star  
â€¦ something special, if she want my heart through,  
â€¦  
I wanna know yeah  
Who wanna have my baby? Who wanna be my lady?

Yeah yeah  
I wanna know who wanna have my baby? Who wanna  
be my lady?

I wanna know, will I ever fall in love  
Are all the good girls taken off?  
Cause one day I hope that I'll fall in love,  
to find a good one to take her off, off, off  
Where are my good girls at? Where they're at? Where  
they're at?  
Where are my good girls at? Where they're at? Where  
they're at?  
Where are my good girls at? Where are my good girls  
at?  
Where are my good girls at?  
Where they're at? Where they're at? Where they're at?  
I wanna know, will I ever fall in love  
Cause I've been holding on  
Are all the good girls taken off?  
Cause I've been searching  
I wanna know, will I ever fall in love?

Cause when they are whole then I fall in love  
To find a good one to take her off, off, off, take her off  
I wanna know, will I ever fall in love  
Are all the good girls taken off? off, off  
Cause when they are whole then I fall in love  
To find a good one to take her off, off, off, take her off  
Take her off, I take her off, oh, oh, take her off  
I'ma take her, I'ma take her, I'ma take her off,  
I'ma take her, I'ma take her.
