Yeah

When this song right here, come on  
Grab somebody, grab somebody, yeah  
When this song right here, come on  
Grab somebody, grab somebody, yeah  
When this song right here, come on  
Grab somebody, grab somebody, body

Ooh, I really, really wanna kiss all on your neck  
Got me thinking about what it's like in between your  
legs  
Let me see, let me see, how low you can go  
Drop it down to the ground and touch the floor

Uh, I'm sorry shawty, I don't mean no disrespect  
But I just wanna be all out on you if you let me mate  
Let me see, let me see, how far you can go  
When I'll find her I'ma do her slow like

Huh, huh, huh, huh, huh, huh so slow like  
Huh, huh, huh, huh, hoo, I'm never gonna stop

I'm not gonna stop till I find one  
Gotta, gotta get that girl  
I'ma take her to the top and never come down  
Yeah, I gotta find that girl

When this song right here, come on  
Grab somebody, grab somebody  
When this song right here, come on  
Grab somebody, grab somebody, body

I know you think I'm nasty girl I might be  
Only real type of looking let me show you what you  
mean  
Let me see, let me see how long you can last  
When I pull your hair and spank that ass

Got me at attention like a soldier at war  
I get you in the bed girl, we gon' go to war  
Let me see, let me see, how far you can go

When I'll find her I'ma do her slow like

Huh, huh, huh, huh, huh, huh so slow like  
Huh, huh, huh, huh, hoo, I'm never gonna stop

I'm not gonna stop till I find one  
Gotta, gotta get that girl  
I'ma take her to the top and never come down  
Yeah, I gotta find that girl

When this song right here, come on  
Grab somebody, grab somebody, oh  
When this song right here, come on  
Grab somebody, grab somebody, body

Twista

No, I don't wanna leave for the party alone  
So I was coming at her, shawty in the red  
I wanna see how that be feeling when they get up in  
this  
So I gotta get your body in the bed

Hit the patron and it was on, first play on the Bobby V  
So when a song was coming on, she climbed on top of  
me, oh  
Looking for somebody so I could be with her  
I wanna get a woman that got that swag

A independent shawty but still she need a sponsor  
To hit it and say throw it in the bag  
Somebody that's [Incomprehensible]  
Well, you heard the sound [Incomprehensible]  
If y'all really wanna get the VIP  
Then come amiga and be a double VYV

When this song right here, come on  
Grab somebody, grab somebody, ooh  
When this song right here, come on  
Grab somebody, grab somebody, body
