This ain't just for me
I did this for you
I wrote you a song, some baby mama blues.
She always bringing drama; always call my phone
Always wanna know who I am with and am I alone
Let me tell you one thing about me
Let me tell you two things you don't see
Fucking incredible, you looking so edible
Chew you up and spit you back out I'm on that trident
flow

Chrous:

You can kiss my ass
Tired of the bullshit
Everybody say the same thing but I'm focused
You can kiss my ass
All you do is talking
If you ain't bout your business homie you can keep on
walking
You can kiss my ass (repeat 2x)
I'm the future, you're the past
You can kiss my ass (repeat 1x)
Order in the glass that I can see past

Hold up partner wait,
You think I got it easy
But I been doing this since 96 and I'm still eating
When I was down, you didn't even beleive me
Look at me now, I ain't leaving
Let me tell you one thing about me
Let me tell you two things you don't see
I posses more talent in my hand than your whole crew
Karmas gonna come back on your ass now that I told
you

Chrous:

You can kiss my ass
Tired of the bullshit
Everybody say the same thing but I'm focused
You can kiss my ass
All you do is talking
If you ain't bout your business homie you can keep on

walking

You can kiss my ass (repeat 2x)

I'm the future, you're the past

You can kiss my ass (repeat 1x)

Order in the glass that I can see past (repeat 1x)
