Let's call it a day, girl  
Let's say we couldn't make it  
You don't know the way, girl  
You just know how to take it  
I didn't give you my heart  
Just to break it

We have so very much in common  
You were too good to be true to me  
And I can't be your fool, you see

So let's call it a day, girl  
One kiss and it's goodbye now  
Wish there was a way, girl  
(To walk out) and never see you crying  
Though I'm blue at that  
I feel like dying

I can't be your fool, you see

So let's call it a day, girl  
I'm gonna miss you plenty  
What more can I say, girl  
The odds are one to twenty  
From this moment on  
Will life will be empty

Let's call it a day, girl  
Let's call it a day, girl  
Let's call it a day, girl  
Let's call it a day, girl...
