(Ft. Rick Ross)

..wars I'm the one they beaten for  
..just the bigger drama  
I'm in the distribution I'm like .Def Jam  
release scales, scales on my destiny.

Said I couldn't do it, said I wouldn't make it  
Give me a chance and I'll ever take it  
For the moment I need  
Ask more .. my worries  
look what he did for me  
look at me, look at me  
Listen to my destiny  
look at me, look at me  
look at me, look at me  
Look what he did for me.

Thanks to garbo
