you are looking at me
while i am looking at you
i am thinking to myself like .. gonna do
cause i never seen a girl like you
girl look at that ass on you
26 24 just how i like
cause i never seen a girl like you
girl look at that ass on you
oh my every time i see you
girl look at that ass on you

i see you with your girlfriend tonight ..
i am hoping you all need a ride
cause 3 is the new 2
tell me what you wanna do
girl i like it nasty
hope you like it too
we could just chill
watch a little tv
while you and your girlfriend
can do the love dance for me
