Say baby what's the deal, I got a little spot around the corner
We can bounce if you wanna chill,
Stick around, we can take 5, and then sneak out of the back
This gonna change your whole life
And I ain't playing, don't mistake just what I'm saying
Cause I can put it down, it's the realest I ain't faking
Wrap it up, talking bout your conversation
I don't know about you but I think I'm bout to break it

Off, it don't matter what it costs
Give me, just a few minutes,
Girl you won't forget it, I'm a boss
Girl I shut it down,
And you'll be coming, back round cause
When I put it down, she don't never wanna leave
She knows where is at, yeah, she knows where I be
Call me anytime, it don't matter where I'm at, for real
Put it down like that,
Put it down, put it down, put it down like that
Put it down, put it down, put it down like that
Put it down, put it down, put it down like that
For real, put it down like that

I hear the talking, you and other ladies say
Call me mvp, the most valuable player of your life
Girl we can take 5, hit the parking lot, let's take a ride
Grab your coat, we about to slide
It don't even matter what you like
Girl I got it all, call me mr. versatile
So many positions, tonight you are my mission
And gonna break it

Off, it don't matter what it costs
Give me, just a few minutes,
Girl you won't forget it, I'm a boss
Girl I shut it down,
And you'll be coming, back round cause
When I put it down, she don't never wanna leave
She knows where is at, yeah, she knows where I be

Call me anytime, it don't matter where I'm at, for real
Put it down like that,
Put it down, put it down, put it down like that
Put it down, put it down, put it down like that
Put it down, put it down, put it down like that
For real, put it down like that

When I put it down, she don't never wanna leave
She knows where is at, yeah, she knows where I be
Call me anytime, it don't matter where I'm at, for real
Put it down like that,
Put it down, put it down, put it down like that
Put it down, put it down, put it down like that
Put it down, put it down, put it down like that
For real, put it down like that X 2
