Partyin every night  
Never comin home  
Different chicks in ma ride  
I was never on the low

Refrain:  
I was doin somethings  
I was being young and crazy  
But lookin back  
I thought it didn't matter  
But in fact  
I could've done you better

Chrous:  
I erased the past  
And closed that door  
I'm not gonna press rewind  
I won't cause the pain  
That I cause before  
No I'm not gonna press rewind  
I'm movin on, now I get it  
My love is gone, cause I did it  
I did you wrong, I admit it  
And I'm not gonna press rewind

Let the best thing in life  
Slip right out my hand  
I learned from my mistakes  
I was a boy now I'm a man

Refrain:  
I was doin somethings  
I was being young and crazy  
But lookin back  
It really didn't matter  
But in fact  
I should've loved you better

Chrous:  
I erased the past  
And closed that door

I'm not gonna press rewind  
I won't cause the pain  
That I cause before  
No I'm not gonna press rewind  
I'm movin on, now I get it  
My love is gone, cause I did it  
I did you wrong, I admit it  
And I'm not gonna press rewind

ne yoo ne yoo (now I get it) (get it)  
neyoo neyooo (cause I did it)  
ne yoo ne yooo neyoo (I admit it)  
And I'm not gonna press rewind

Bridge:

Pause for a minute  
Let me finish, got a fess up  
I admit yeah I did it,  
Girl I messed up  
Gotta get this outta me  
Cause its killing me inside

Chrous:

I erased the past  
And closed that door  
I'm not gonna press rewind  
I won't cause the pain  
That I cause before  
No I'm not gonna press rewind  
I'm movin on, now I get it  
My love is gone, cause I did it  
I did you wrong, I admit it  
And I'm not gonna press rewind (2x)
