

Bobby V **"That Thing"**

Visit "[That Thing](#)" on [MotoLyrics.com](#)

It's the kinda' thing that I can't explain
Maybe I'm losing my sanity
Sumthin' bout the way your body taste to me
Like the scoop of my favorite ice-cream
Since the first day you came to my team
This whole thing has been one big erotic dream
I'm not Jodeci but I'm a fiend
Just for you girl, just for you girl

Ever since you put that thing on me, girl
I can't get enough of your love
I get so excited when we touch, Incredible
Ever since you put that thing on me, girl
I've been such a fiend for your love
I get so excited when we touch
The way you put that thing on me

Ever since you put that thing on me, girl
I can't get enough

I know you just loved me, but one more round
It's about the way you put it down
I used to be a playa but now I'm gone
Off that tear-drop bottom huggin' in that thong
You know just how to take care of your man
Forget the club bless me with a private dance
Silloette smoother than butta' girl
Your the Shh... that's why I love you girl

Tell me how do that when you do that
When you do that when you wiggle that butt for me
How, such a mystery, a good feelin', you nickname me
daddy baby
Why, out of all those girls, it had to be you
Now I'm so turned out baby

Why, I can't go on without you, girl

Ever since you put that thing on me, girl
I can't get enough of your love
I get so excited when we touch, Incredible
Ever since you put that thing on me, girl

I've been such a fiend for your love
I get so excited when we touch
The way you put that thing on me

Ever since you put that thing on me, girl
I can't get enough

Oh baby I love the way
You kiss me in places
I never dreamed
Your so exotic so erotic, oh ma, you got it
Oh baby, stay the same, fly n classy, that's my lady
So exotic so erotic, oh ma, you got it

Oo... oo... oo... oo baybee you got iiittt

Tell me how you do that when you do that
When you do that when you wiggle that butt for me
How, such a mystery, a good feelin', you nickname me
daddy baby
Why, out of all those girls, it had to be you
Now I'm so turned out baby
Why, I can't go on without you, girl

Ever since you put that thing on me, girl
I can't get enough of your love
I get so excited when we touch, Incredible
Ever since you put that thing on me, girl
I've been such a fiend for your love
I get so excited when we touch
The way you put that thing on me
