You know what you came here for,
So don't you hold back,
Do it until it's done.
Imma get whatever you drink,
And tell the bartender
Pour you another one.

I don't want that tipsey love,
Tipsey, tipsey, tipsey love.

I know, I know you want this,
You're looking at me like you want something.
Damn them heels, got you looking right,
And that booty make me wanna bite.
Girl, don't front, what's it gonna be?
One more shot, get you all on me,
Two more shots, get you in my jeans,
Three more shots, get you in my sheets.

I think I might get better with you buzzim,
You get a little loose.
And you know the money ain't nothing, no.
What you gonna do?

You know what you came here for,
So don't you hold back,
Do it until it's done.
Imma get whatever you drink,
And tell the bartender
Pour you another one.

I don't want that tipsey love,
Tipsey, tipsey, tipsey love.

Imma be like girl, you can get it,
You can get it, you can get it.
Imma be like girl, you can get it,
You can get it, you can get it.

Tell me what you want, girl, vodka, Petrone,
Sex on the Beach, get you all in your zone, yeah.

Yeah, girl, I like that when you start flirting,
Talk is cheap, though, but imma make it worth it.
I got you pinned up on the wall like a picture
And you roll that bottle like a switcher.
And all you need is one more drink,
And you know it's all on me.

I think I might get better with you buzzim,
You get a little loose.
And you know the money ain't nothing, no.
What you gonna do?

You know what you came here for,
So don't you hold back,
Do it until it's done.
Imma get whatever you drink,
And tell the bartender
Pour you another one.

I don't want that tipsey love,
Tipsey, tipsey, tipsey love.

Imma be like girl, you can get it,
You can get it, you can get it.
Imma be like girl, you can get it,
You can get it, you can get it.

Pop bottles to the club, all five,
And we're gonna make it look like this is what you like.
You keep drinking what you're drinking,
Imma drinking what I'm drinking,
Imma blow something in seconds,
Imma blow something than stank it.
Imma see the move, imma see the vibe,
Imma come and scoop you up and take you for a ride.
I know you wanna find somebody you can be
comfortable with,
I know I wanna find somebody who about glamour and
gliss.
I see cups with girls and drinks,
Take these shots straight to your face.
Let's toast all, this is the space.
It's time to celebrate.

I don't want that tipsey love,
Tipsey, tipsey, tipsey love.

Imma be like girl, you can get it,
You can get it, you can get it.
Imma be like girl, you can get it,
You can get it, you can get it
