And the band the tinner sea
just might feel like sweet home to me
as Virginia kinter key
all in time now we will see

I'll be careful not to see too much
a new year in return
I'll do my best
just to keep in touch
the next time I come down show me around

Ain't no sense and feeling sad
'cause I give everything I have
to feel your blankets on my skin
to see your clothes dry in the wind

I'm just a stranger put you trust in me
your secret won't get out
it's just an outcast company I keep
but I won't let you down this time around

You're an angel and you're mine now
you're an angel and you're mine now
you're an angel and you're mine now

Pick my poison drink it down
watch that room spin round and round
grab that waitress take me home
I won't make it, I won't make it

You're an angel and you're mine now
you're an angel and you're mine now
you're an angel and you're mine now
