it's 3 o'clock in the morning and we're still here  
and everybody has been talking  
about what went down this year, Annabelle  
Annabelle, I wish you well

I hitched a ride to the desert to see uncle Jack  
I spent the night in his cabin  
without a care of coming back, Annabelle  
Annabelle, I wish you well

you really came out of nowhere in no time at all  
I know it ain't my business  
but someone's bound to take a fall, Annabelle  
Annabelle, I wish you well

could you live a life without blood if you weren't on your  
own  
and could you wave those diamonds goodbye if you  
weren't so far from home  
so now you go to the mirror but you can't trace  
the broken path of your lover  
who ain't concerned with saving face, Annabelle  
Annabelle, I wish you well

so say farewell to the flowers that brought you here  
and say hello to your homeland  
you're coming home again my dear Annabelle  
Annabelle, I wish you well

I wish you well Annabelle  
Annabelle, I wish you well

could you live a life without blood ...
