Nothing's gonna stop you know  
Everything you want is coming in good time  
No one's gonna bring you down  
It's just too long to find  
I keep... on beside my bed  
It gets but through the longest of all minds  
I keep this dream inside my head  
It's simple, but without it I would die  
I'll let it sweeten the distance,  
Sweeten the distance, baby  
Sweeten the distance  
Sweeten the distance  
Between me and you, it's alright

What's the sense of looking back  
And still remember how I've waste so much time  
Nothing's gonna change the facts  
And it's far too late to cry  
Love may tear us apart  
But it's never gonna leave us behind  
I keep this dream inside my head  
It's simple, but without it I would die  
Without it I would die  
I'll let it sweeten the distance,  
Sweeten the distance, baby  
Sweeten the distance  
Sweeten the distance  
Between me and you, it's a long ride  
It's a long ride, it's a long ride,  
It's a long ride  
So give it time

I hope I didn't let you down  
Got knows I did my very best this time  
So if you can't hear me now, it's not too late to try  
So when you're feeling far away and wanting much to  
rewind  
It's just a dream anyway, so simple  
Without it, we would die,  
Without it, we would die,  
We'll let it, sweeten the distance

Sweeten the distance  
We'll let it, sweeten the distance  
Sweeten the distance  
Sweeten the distance  
Sweeten the distance  
Between me and you, it's a long ride.
