... and lie about everything that you did
It's written all over your face
So best thing to do is get out of this place
As quickly as you can!
And what you're trying to say
You're trying to get me to see things your way...
So best thing to do is get out of my face
As quickly as you can
As quickly as you can!

Chorus:

Cause it's not worth the time
And trouble that I had to spend
I'm burnt, I'm blind
And always on the edge of something worst than this
And never know what I would do for you
The time and trouble that I had to spend

What you're trying to prove
Believe in me it's easy, now it's nothing to lose
And every single plan that you have
So the best thing to do is drop out of this place
As quickly as you can
As quickly as you can!

Chorus:

Cause it's not worth the time
And trouble that I had to spend
I'm burnt, I'm blind
And always on the edge of something worst than this
And never know what I would do for you
The time and trouble that I had to spend

You went to sleep without a pill caught in your throat
You didn't even bother to...
How does it feel to be known so well
With no story to tell, and nothing else to say
It's just lucky for you
You woke up and you fell!

Where you're trying to go?

Seven years waiting and you still don't know
But don't take this to....
But the best thing to do is get out of this place
As quickly as you can
As quickly as you can!

Chorus:

Cause it's not worth the time
And trouble that I had to spend
I'm burnt, I'm blind
And always on the edge of something worst than this
And never know what I would do for you
The time and trouble that I had to spend
