Verse 1:

Was about six months ago I met a girl up in the club  
I was fresh from constant heartache trying not to fall in  
love  
Though my heart was so reluctant I could not resist her  
charm  
Unaware of what was coming as I held her in my arms.

(Seduced me)

How was I to know that she would

(Hurt me)

Should've known her taste would be

Chorus:

Delicious Malicious

Could she be so vicious to me?

Had her fun deceiving me

Delicious Malicious

How could she just do that to my heart?

(Heart)

Verse 2:

Spending precious nights together it appeared we've  
hit it off

But an unexpected circumstance would turn her  
emotions off

(Ooh)

It couldn't be true

Another man I heard with you

About to lose my mind

(Didn't know what I'd do)

Thought I could control the outcome thought I've  
figured out the game

Dejavu had come to haunt me

Way she did me was a shame

[Chorus]
