Chorus:

Ride Slow (Cruising by the lights in a stretch limo)

Ride Slow (Use the moment at hand to let all your stress go)

Ride Slow (Sexy in your dress let your body flow)

Ride Slow (Kissing intoxicated as we're riding slow)

Verse 1: (SynClair)

Dressed in a black suit ready to please you,

Take my time slowly intruiging you,

Must confess we must touch before the night is through

With that dress you're mighty fine

Seductive to my mind

Just us enjoying our time

Carefree sipping on wine

Ride Slow...

[Chorus]

Verse 2: (G.a.m.a)

Right below the red light is green for go

You can't enjoy fast, well, I'd rather have you by me slow

Love having you wrapped around my elbow

I am a muscial fellow

Lay you down and make you start producing notes like a cello

Let's go deep in the business now

Love the way I put it down

Or the way I don't put you down

'Cause your feet are off the ground

Your head and the wall create bass, yeah

I make the beat sound

Made love slow so you remember what was going down

Did it slow because you can't handle fast

Anyway it goes

... I love to have you by me slow,

Riding slow.

[Chorus]
