I just want you to know  
That I'm stuck in your soul  
Funny how last week I thought it couldn't be so  
What I see in your eyes  
Words can't come close  
No matter what your father says  
I just want you to know  
That you're a beautiful person  
And I want you to grow  
The way he talks to you is just so inapro  
I hope that you're strong  
When he's doing you wrong  
And I hope you find comfort in the words of these  
songs  
Now sing along and while I tell you this story just listen  
closely  
I know you like my music but look, you don't really know  
me  
See I live outside the city where there's nothing going  
on  
I just look around for meaning while I'm sitting on my  
lawn  
One day I met this girl and she was beautiful too  
I looked closely at her eyes this nice light shade of blue  
She was still in high school  
I was one year removed  
We're both a little older for the things we've been  
through  
Pretty soon I started seeing all the things he would do  
She wasn't black and blue, but emotionally bruised  
It made me so mad I didn't know what to do  
Told her no matter what  
Imma be there for you  
But as things became more hectic in my life I started  
fading out  
Began to lie to her  
I wasn't fair to her  
I hate it  
Now I hope that you can understand my honesty  
I really fucking wanna knock that dude out honestly  
You don't have to believe it but I think about you every

day  
I sing about you every way  
Cuz you're the perfect melody  
I know the world ain't perfect  
But to me you are my everything  
My little light of sunshine  
I'm holding on for better days

I pray for better days  
I know it has to happen, Imma wait  
I know in my life I made mistakes  
But I'm holding on for better days  
I pray for better days  
I know it has to happen, Imma wait  
I know in my life I made mistakes  
But I'm holding on for better days

I wanna go back when we were sitting at that ice cream  
shop  
I'm looking at you in your eyes  
I'm feeling like my heart has stopped  
You laughed at me for getting soy peanut butter  
Back then I thought shit nah, I don't need no other  
person in my life  
For nothing else don't even matter  
Maybe I'm so numb that nothing bad could ever happen  
to me  
Maybe I'm so evil I attract all of these tragedies  
Maybe we're so graceful we create all of these  
masterpieces  
So facetious we would laugh about it  
Nobody can reach us for a half an hour  
Sleeping in my half apartment  
We don't have to watch the news  
I never felt more comfortable my face so close to you  
And Imma break it down for you  
I think about you every day  
I sing about you every way  
Cuz you're the perfect melody  
I know the world ain't perfect  
But to me you are my everything  
My little light of sunshine  
I'm holding on for better days

I pray for better days  
I know it has to happen, Imma wait  
I know in my life I made mistakes  
But I'm holding on for better days  
I pray for better days  
I know it has to happen, Imma wait  
I know in my life I made mistakes

But I'm holding on for better days

What does it mean if I don't know what love feels like?  
My parents got divorced when I was young so I just feel  
like  
Example that I have to look upon are probably not  
great  
Knowing you're in a similar position doesn't make it  
okay  
I'm feeling like my goal is to make these blue skies turn  
grey  
But in the blink of an eye it could go away  
So even if it's just for ten minutes  
I wanna drive around with you  
And think about our life in the present  
These are our better days

I pray for better days  
I know it has to happen, Imma wait  
I know in my life I made mistakes  
But I'm holding on for better days  
I pray for better days  
I know it has to happen, Imma wait  
I know in my life I made mistakes  
But I'm holding on for better days  
I pray for better days  
I know it has to happen, Imma wait  
I know in my life I made mistakes  
But I'm holding on for better days

The other day I was thinking like  
How come you never make a happy song, you know  
what I'm saying?
