Got this feeling that everything comes to an end
I can feel it running again and again
Still I try to make it work
But I'm just caught up with my face beneath the dirt
But I ain't mad, nah
I'm a be happy when I get to leave this earth

He sits patiently, waiting for his moment of
complacency
He don't know the feeling, he tucks himself gracefully
Beneath the sheets, beneath the sheets,
He don't speak for weeks
Feeling right at home with some re-runs and a can of
bleach
How my always feelin so alone
Is what he always preached
Told himself 'there's no one in the world who feels the
same as me'
Kept his head up
Told himself he wouldn't let up
But it's feelin like a set up
Every day he's got to get up
And embrace the day
Let me space away
Wanna space today
Know you know the stories
I'm just talking bout the case today
He never showed
He just wants someone to know,
Now it's too late, he's cold,
He just wants to feel alone,
Like,
Nobody could know
How he feels and who he is
He's trapped
And these kids always make him feel like shit
Never thought he'd see a brighter day
Now he's gone,
Guess it's best for him to run away,
And sing a song like

Got this feeling that everything comes to an end

I can feel it running again and again
Still I try to make it work
But I'm just caught up with my face beneath the dirt
But I ain't mad, no
I'm a be happy when I get to leave this earth

She's 16, doesn't know what she would do,
No one loves her, it sucks, but she know it isn't true
She could feel that way no matter if the sky is always
blue
Grey clouds lookin down on the moment and a few
Rusty razor blades pinch,
She can feel them commin through
She can't feel any emotion, only feels when it breaks
through
Damn,
She wishes she could see the light,
But never got the chance,
So she creeped into the night
She would stay up contemplating if her life was worth
the pain of a knife
In a world full of wrongs, tell me who's really right?
Never sleep,
Cus she's scared when she closes her eyes
That she might wake up in the morning in a puddle of
cries
Dried her eyes, told her mother bye
One last time
Snuck some pills out of the bathroom and waited to fly
Don't get a second chance,
Lonely, she settled her plans
Said goodbye to all her friends as she clenches her
hands
It's like, damn

Got this feeling that everything comes to an end
I can feel it running again and again
Still I try to make it work
But I'm just caught up with my face beneath the dirt
But I ain't mad, no
I'm a be happy when I get to leave this earth

Every now and then you're faced with a scheme
These little things that get you down for then,
Shatter your dreams
It's like,
Two little kids on a latter it seems,
Could slip and fall
You see them call louder and scream
And with every scream you could see them getting
closer to God,

Closer to all the emotions that evoke in your heart
You sit and stare, never care about the things that we
do
Never feel any emotion cause we can't see you

Got this feeling that everything comes to an end
I can feel it running again and again
Still I try to make it work
But I'm just caught up with my face beneath the dirt
But I ain't mad, no
I'm a be happy when I get to leave this earth
