Ayo sometime I get annoyed man  
I wish that I knew Maggie more  
Every time I fucking text with her she's acting like she's  
bored  
It's cuz I'm probably acting different than I usually do  
That's just cuz I'm not like other guys is using you  
To get the ass  
Man I get nervous when I think about her  
What's the deal?  
Man I don't know It's just something about her  
The way she dresses, maybe it's her confidence  
But I can't even get her over to my apartment  
I got the sense to pick apart the thoughts I'm thinking  
Let her know she could have everything that I have  
It stinks  
She don't understand it  
She thinks I'm fucking cuties  
I'm a musician girl I do it for the love not the groupies  
So what you're saying is you care about this girl?  
Yeah yeah I know I'm supposed to act tough but I don't  
know  
fuck the fact that I'm a fully figured out my life  
before the fact that I ain't have a girlfriend  
that I care about with all my might  
Man I could act tough and ignore her when she texts  
me  
But that ain't me man I don't like to flex see  
Man she's like the greatest thing I've ever seen  
I'd compliment her more but I'm not trying to be  
obscene  
This the girl I go to church with  
The girl I think is worth it  
She think about if me and her could ever work it's kinda  
worthless  
I guess writing a song about my feelings  
I'm too emotional get over stressed about these things  
But when we did hang out I think she had a good time  
I understand that people hurt her in the past I can't lie  
I wish that I could let her know in person how I feel  
I wish I knew her better cuz I know this shit is real  
Everyday I get up, pray, think about all the things to say

Well I hope she realize I'm here to stay  
So Maggie if you're listening I'm sorry for my  
insecurities  
It's cuz you're beautiful I hope that you can see

I wanna let you know I got feelings  
I wanna take you out to get earrings  
But I'm scared you don't think that I'm legit  
I know you think I'll run away but girl I never quit  
I wanna let you know I'm not fooling  
I wanna hug you tight like my shoe string  
These fucking chorus's aren't making any sense  
Cuz I'm always flusterated whether not to send a text

Ayo sometimes I get it wrong man  
Sometimes I'm worried 'bout impressing you  
Maggie if you could hear the things I'm too nervous to  
text you  
Maybe you would understand I'm trying to take it slow  
There's no need to rush ourselves into a situation yo  
If the feelings are there we got a bunch of time to grow  
I never want to make you feel uncomfortable and yo  
No matter what our situation physically or mentally or  
medically  
I'll give you anything a friend to me  
You truly have been so without a doubt  
We ran around in new york city and I made you smile  
I took you to times square and we had our first kiss  
What you didn't know was that you're on my bucket list

I wanna let you know I got feelings  
I wanna take you out to get earrings  
But I'm scared you don't think that I'm legit  
I know you think I'll run away but girl I never quit  
I wanna let you know I'm not fooling  
I wanna hug you tight like my shoe string  
These fucking chorus's aren't making any sense  
Cuz I'm always flusterated whether not to send a text  
I wanna let you know I got feelings  
I wanna take you out to get earrings  
But I'm scared you don't think that I'm legit  
I know you think I'll run away but girl I never quit  
I wanna let you know I'm not fooling  
I wanna hug you tight like my shoe string  
These fucking chorus's aren't making any sense  
Cuz I'm always flusterated whether not to send a text

I, I want you to know  
How I feel  
How I feel  
mmmm

I, I want you to know  
How I feel  
How I feel  
yeah

and one time  
I wanna let you know I got feelings  
I wanna take you out to get earrings  
But I'm scared you don't think that I'm legit  
I know you think I'll run away but girl I never quit  
I wanna let you know I'm not fooling  
I wanna hug you tight like my shoe string  
These fucking chorus's aren't making any sense  
Cuz I'm always flusterated whether not we can have  
sex
