### "Absence Of The Heart"

I write you letters, but I don't send them  
I just can't figure out how to end them  
I try to reach you, you're right beside me  
There's something missin' and we can't deny that  
CHORUS  
We live together separately  
We don't want to fall apart  
But every time we kiss there's an emptiness  
An absence of the heart  
How did we lose it, why did this happen  
When did we take it all for granted  
We sit in silence, inside we're cryin'  
How can we keep out love from dyin'  
(Repeat CHORUS, 3 times)  
I write you letters, but I don't send them
