I was never any good at writing love songs
Until you came along
So I'd like to spend a little time
With your arms in mine
'Cause it doesn't even matter when
I always wanna see you again
If these words are not enough to show you
Babe, just look inside my head
You'll find that you're on my mind all the time
I love the way you laugh and the way that you smile
And I love the way you look at me with those beautiful
eyes
So maybe you and I could catch a movie
And I could be the only one that you'll ever need
Just look inside my head
You'll find that you're on my mind all the time
And I can be yours if you can please be mine
Oh, you're on my mind all the time
