You are the one who will never leave me  
You are the one who will not deceive me  
Guiding me through those years of hate and doubt  
When betrayed you held me up throughout

Every word that flows from thought to pen  
Carries my pride and pain within  
Every note that flows from soul to song  
A piece of me is placed where it belongs

Every time I feel my life is lost  
Rivers of anguish that you helped me cross  
Every memory swimming in my mind  
Of an unforsaken place and time

My life once so full of wrath  
Walking a dead end path  
Holding onto words of hope  
You came to save my soul

Every day filled with darkness and rain  
You were there to ease my endless pain  
Every non- believer laughing in my face  
Negative thoughts that you've helped me replace

My soul you've renewed  
As I've learned to create you

From the abyss in which I was damned  
You rescued me with your healing hands

Each moment in time captured by rhyme  
Pieces of life woven in my mind

Every mask I wear when I'm alone  
Hides a fear that only few have known  
Every pleasure that you bless me with  
Writes a story I cannot forget

Every moment now till my last breath  
I'll look up to you with no regrets  
Inspiration you have given me

Together as one we will always be

My life once so full of wrath  
Walking a dead end path  
Holding onto words of hope  
You came to save my soul

My soul you've renewed  
As I've learned to create you

From the abyss in which I was damned  
You rescued me with your healing hands  
Each moment in time captured by rhyme  
Pieces of life woven in my mind

From the abyss in which I was damned  
You rescued me with your healing hands  
Each moment in time captured by rhyme  
Pieces of life woven in my mind
