A desolate silence, deaths in the air  
Surrounded by pain, a terrified stare  
From the dark eyes of hell, a sky black and gray

No hope for life  
No hope for today  
This ghost town stands  
Overwhelmed by decay

Suffering on poisoned ground  
Suffering in this ghost town

Dark clouds from above, bring darkness and doom  
Effortlessly shattering, what lies in its course  
A deafening roar, it feels no remorse

No hope for life  
No hope for today  
This ghost town stands  
Overwhelmed by decay

Suffering on poisoned ground  
Suffering in this ghost town

Mother Earth has bestowed their fate  
Mercilessly punishing those who desecrate  
A lifetime of memories swept away in the dust  
Dreams of the innocent lay in ruin and rust  
An invisible hunter infecting the unknowing  
Man planting seeds that the reaper is sowing

Sad eyes lock upon this town  
As they dwell on unclean ground  
Mountains of sorrow rising forth  
Blood red tears pouring from its source  
A shadow of its former self  
Sitting at the mouth of hell

Empty roads leading to empty souls  
The dark underground swallowing whole  
Lives once so fertile now all but lost

No hope for life  
No hope for today  
This ghost town stands  
Overwhelmed by decay

Suffering on poisoned ground  
Suffering in this ghost town
