A twisted vision blending into creation  
The dark gift weaving an untold rhyme  
A fascination with the human complex  
Twisting the frames of our delicate minds

Holding our hope and our sanity hostage  
A world so alien yet so real  
Not straying from their passionate vision  
Blending thoughts and fears for others to feel

Look at the darkest eyes  
What do you see  
Death, Life, Pain and Horror  
On our fears they feed

The darkest eyes  
Staring back at me  
Beyond they rise  
Taking my mind willingly

The darkest eyes  
They're creating brilliantly  
My thoughts baptized  
What I've read and what I've seen  
Surrounded by the unseen  
Infecting our reality  
Evil words and deeds  
Fulfilling our primal needs

Unspeakable things rising from their pages  
Blackening our hearts and disturbing our souls  
Descriptions of a future vile and hopeless  
Disturbing thoughts now taking hold

Look at the darkest eyes  
What do you see  
Death, Life, Pain and Horror  
On our fears they feed

The darkest eyes  
Staring back at me  
Beyond they rise

Taking my mind willingly

The darkest eyes  
They're creating brilliantly  
My thoughts baptized  
What I've read and what I've seen
