Real nigga pride, rich nigga problems  
Real nigga pride, rich nigga problems  
Real nigga pride, rich nigga problems  
Broke niggas eyes on this rich nigga's pockets

That late night money had a nigga running wild  
And them niggas really in it they don't crack a smile  
Ghetto bitches they be choosing, can't blame them  
it's culture  
The police hit them corners, they vultures them niggas  
on us  
She just give us the abus, she just wanna fuck the rims  
And let a nigga crush it in a pair of tims  
My niggas got felonies fuck around get bucked  
And it's way more to it ain't just bout a look  
They be loading them pistols I keep it for protection  
And if my niggas call, I be there in a second  
I just keep it g, I put that on the gang  
You do a couple shows then think you got a lot of fame  
That's the way of the world, what you see on tv  
Tell em I said be careful this ain't what's up on our  
screen  
All this from a little white girl, that avril lavigne  
Like fuck the middle man I never paid that in between

Real nigga pride, rich nigga problems  
Real nigga pride, rich nigga problems  
Real nigga pride, rich nigga problems  
Broke niggas eyes on this rich nigga's pockets

Still got real nigga pride, and rich nigga problems  
Broke niggas' eyes on this rich nigga's pockets  
I ain't switched, I survived, I did this off the slots  
And it's the same game plan that you ain't wanna be  
involved with  
Fast forward, all these pretty bitches flocking  
Swiss wrist watches that my whole click rocking  
Bitch nigga salling young nip, split the profit  
I ain't stupid, I ain't scared, so that's highly unlikely  
Niggas don't like me, kill me, come fight me, feel me

I ain't the type of nigga covered his life  
I mean I value every breath and see it's wrong when  
it's right  
Before you envy my success, respect my sacrifice  
And if you can't then now we dropping caskets twice  
Cause if you get me, I got niggas coming back that  
night  
But if you with me we go shopping and don't ask that  
price  
It's love or hate, but nigga that's just life
