Who feels you now
Who sees you now
Who breeds you now
Who sees you now

I see you
I see you
I see you
I see you

You want to change place
I, I can find it for you
You want to keep pace
I, I can wind it for you
You want to find taste
I, I can get it for you
You want to save waste
I, I can rid it for you
You want to change place
I, I can find it for you
You want to keep pace
I, I can wind it for you
You want to find taste
I, I can get it for you
You want to save waste
I, I can rid it for you

I see you here
It's all so clear
Before me now
Transformed somehow
I can't control
What I've been told
I can't erase
Your empty face
I'm all alone
And on my own
Forgetting what
Creates a rut
Now done to make
The past a fake
What put me here

Is guilt and fear
You can't deny
The things you try
In every place
I see your face
Continue on
Until I'm gone
Enough control
To fill the role

Who sees you now
Who feels you now
Who breeds you now
Who needs you now

I see you
I see you
I see you
I see you

Who sees you now
Who feels you now
Who breeds you now
Who needs you now

I see you
I see you
I see you
I see you

It takes me in
Deserving sin
No, better now
Lay down somehow
So take it back
Or wish attack
Now see it clear
And have it here

Who needs you now
Who sees you now
Who breeds you now
Who feels you now

I see you
I see you
I see you
I see you
