- The information you're carrying, you must protect it with your life.

- Do you like women to... dominate you?

What do you want from me?
What do you plan tonight?
Can you see what I can't see?
Will you put up with the fight?

I will remain alone this time
Until I know for sure what's mine
I will remain alone this time
Until I know for sure what's mine

I will remain alone this time
Until I know for sure what's mine
I will remain alone this time
Until I know for sure what's mine

Why can't you face the truth?
Why must you run and hide?
Your ego's killing you
I hate your stupid lies
I hate your stupid lies

- You must protect it with your life.

I can't believe what you've done now
The faith we had can't explain how
Your selfish games and cruelty
Somehow always comes back to me

I will remain alone this time
(What do you plan tonight?)
Until I know for sure what's mine
(Can you see what I can't see?)
I will remain alone this time
(Will you put up with the fight?)
Until I know for sure what's mine
(Will you put up with the fight?)

I can't believe what you've done now
The faith we had can't explain how
Your selfish games and cruelty
Somehow always comes back to me

- Sadness is your religion. Only happiness is real.

What do you plan tonight?
Can you see what I can't see?
Will you put up with the fight?
Will you put up with the fight?

I can't believe what you've done now
The faith we had can't explain how
Your selfish games and cruelty
Somehow always comes back to me

I will remain alone this time
(What do you plan tonight?)
Until I know for sure what's mine
(Will you put up with the fight?)

- The information you're carrying, you must protect it
with your life.
