Good morning honey, how'd you sleep?  
You know I slept like a baby with you next to me  
I got time for coffee then I better go clock in  
The boys are gonna get on me if I'm late again  
They'll say the girl keeps you busy walkin' the line  
I'll say, yeah that's right

And there ain't nothin' like it  
The way you love me  
There ain't nothin' like it  
I've never had a feeling come over me  
That hit my so hard and tasted so sweet  
And there ain't nothin' like it  
No there ain't nothin' like it

I had a revelation the first time we kissed  
There's a heaven on earth and this is it  
It changed everything I think and I do  
Now everything revolves around being with you  
Imagine me at home on Saturday night  
I say, yeah that's right and there ain't nothin' like it  
Ain't nothin' like it

My friends say you've got my number  
You're playin' me like a song  
I say yeah, oh, just play on

And there ain't nothin' like it  
The way you love me  
There ain't nothin' like it  
I've never had a feeling come over me  
That hit my so hard and tasted so sweet  
And there ain't nothin' like it  
No, there ain't nothin' like it
