When storm clouds hang on the horizon
And a bitter wind intends to blow
When odds are stackin' up against me
No I won't close my eyes, tremble and hide
There's a steep road ahead but that's when I'm at my
best.

[Chorus:]

Just give me a new mountain to climb,
Just tell me you don't think I can do it,
And I'll fool you every time.
Now give me a challenge, I accept it
Body heart and mind,
A new mountain to climb.

It's when you feel like you're surrounded,
Love's coming at you from all sides
It's right there living in that moment
That I dig down deep
I start moving my feet,
It's just a bump in the road
But not the first one I know.

[Chorus:]

Just give me a new mountain to climb,
Just tell me you don't think I can do it,
And I'll fool you every time.
Now give me a challenge, I accept it
Body heart and mind,
A new mountain to climb.

And if I've learned anything,
I can face anything at all

[Chorus:]

Just give me a new mountain to climb,
Just tell me you don't think I can do it,
And I'll fool you every time.
Now give me a challenge, I accept it
Body heart and mind,
A new mountain to climb.

A new mountain to climb.
