Storm clouds, storm clouds
Used to dog me everywhere I'd go
Time was, I was runnin' from them
Down these dusty roads
Bu' somehow those clouds drove me to your doors
And honey, I'm not runnin' anymore

Well, I used to curse the thunder
I used to run for cover when it came
But since I let it strike me
I never looked at lightenin' quite the same
Now I pray for rain

Sunshine, sunshine
Won't you go and come another day
Give my love and
I a reason to stay in and play
Oh, while the go winds seem so gloomy without you
But holdin' her has changed my point of view

Well, I used to curse the thunder
I used to run for cover when it came
But since I let it strike me
I never looked at lightenin' quite the same
Now I pray for rain

Now I pray for rain
Now I pray for rain
Now I pray for rain

Now I pray for rain
Now I pray for rain
Now I pray for rain

Well, I used to curse the thunder
I used to run for cover when it came
But since I let it strike me
I never looked at lightenin' quite the same
And now I pray for rain

Now I pray for rain
Now I pray for rain

Now I pray for rain

Now I pray for rain
Now I pray for rain
Now I pray for rain

Now I pray for rain
Now I pray for rain
Now I pray for rain

Now I pray for rain
Now I pray for rain
Now I pray for rain
