He's a cold beer drinker
a button deer hunter
the best friend a dog ever had
a post hole digger
a mint skull lipper
a john deere cap sportin man
With a house on a hill
and a pond in the field
surrounded by* a mess of corn rows
makes a livin from his labor
a credit to the maker
he's somebody everybody knows

[Chorus]

Last of a dying breed
who tend the fields
and mend the fences
heaven knows i'd hate to think
that generation might be ending
but if he goes
he will go down in history
as the last...the last..

of the overall wearers
farmer tan tearers
down at the bfw hall(yall)
cake pan lickers
*ripe tomatoe pickers
hay bailers, loading trailers in the fall
fruit stand sellers
town square dwellers
who gather at the Dairy Queen at dawn
everybody knows em
everybody loves em
God i'm gonna miss em if they're gone

[Chorus]

Last of a dying breed
who tend the fields
and mend the fences
heaven knows i'd hate to think

that generation might be ending
but if he goes
he will go down in history
as the last...the last of a dying breed

last of a dying breed
he's a hard working family man
last of a dying breed

[Chorus]

Last of a dying breed
who tend the fields
and mend the fences
heaven knows i'd hate to think
that generation might be ending
but if he goes
he will go down in history
as the last...the last of a dying breed
of a dying breed
of a dying breed
