We check the nice crowd, roll around the sand  
Always prepared for the next event  
Drinks are flowing  
Wind is blowing  
Girls 're around and temperature 's growing  
Roaming through the world, well, we got no plan  
The main thing is it will be the same

Chorus:

We like to break out  
When sun shines overhead  
Then we are glad  
Bursts through the last cloud  
No slowpoke holds us back  
And makes us slack  
We meet some sick guys  
For riding to the coast  
Gives us the most  
Then when the board flies  
The people say hello  
And watch the show

Weekends 're booked up with an old routine  
The best beach parties you've ever seen  
Beats get hotter  
One loves the other  
The crowd goes wild and ends in the water  
Roaming through the world, well, we got no plan  
The main thing is it will be the same

Chorus

Bridge:

We like to break out  
Sun 's overhead  
No boring slowpoke  
Will hold us back  
A wicked beach bash  
Gives us the most  
We meet some sick guys  
Go to the coast

The most shy chick has a good advice  
A nice boat trip with some loaded guys  
We don't need a leader  
Just a barkeeper  
So some hopeless case will taste a lot sweeter  
Roaming through the world, well, we got no plan  
The main thing is it will be the same

Chorus

The sky becomes clear and I can't stand still  
The terrible waiting made me I'll  
Drinks are flowing  
Wind is blowing  
Girls 're around and temperature's growing  
Roaming through the world, well, we got no plan  
The main thing is it will be the same

Chorus
