

Christian City Church "Break Me Down"

Visit "[Break Me Down](#)" on MotoLyrics.com

I see the world in a different way
I've been changed by the one who's never changed
Your grace found me where I am
Gave me strength to walk to stand for life
In a love that gave His light
And I know You filled the darkness with Your day
(repeat)
Break me down
Till you find the very core of me
Break me down
To my knees
I could never live without Your love
You took my fears and made them the strength of me
I stood my ground with outstretched arms
Came through the valley with a new song for life
This hope it grows inside
And I know You filled the darkness with Your day
(repeat)
Break me down
Till you find the very core of me
Break me down
To my knees
Break me down
The best of you is the best of me
Break me down
You'll see
I found life when I left my path
Found hope when I gave my heart
See the world down on her knees
Crying out...
Shine Your light
I see the city as a man who bent His knees to lift His
hands
Closed His eyes, prayed Your prayer
His heart grew with a cross to bear
