I could never make it through the dark without Your
light
I could never stand my ground without Your strength
inside
And I know what it is to lose Your life
And I know how it feels to be alive
I don't wanna live this life without You by my side
I could never find my place without Your guiding light
And I know what it is to learn again
And I know what it is to let You in
Hold me together
You fuel my life
No one can stop me now stop us now
Open the heavens
Break these skies
I say oh...
Hold me together
Shake my world
Come on and send Your light send Your light
Open the heavens
Break these skies
I say oh...
In the middle of a miracle
You reached down made this half life whole
You saw me from the highest throne
Picked me up into heaven's home
You took back what the devil stole
Gave Your life now I'm ready to go
