I will strive  
And sail away  
I'll arrive  
My own way

No one else  
Compares to you  
All you are  
Is the clue

From now on this day  
I know I will find my way  
I'm getting closer  
Watching the water

Spend the night and I'll hold you tight  
Sweet girl, you've always been the one for me  
Now in the future it's you I see  
I want you more and more and more

Like a sunset in my heart  
I know that you've been through a lot  
Now feel me near and touch me slow  
I want you more and more and more

Like a star  
You are near  
But still far  
Far from here

When the moon  
Is way up high  
Guide me through  
The night sky

From now on this day  
I know I will find my way  
I'm getting closer  
Watching the water

Spend the night and I'll hold you tight  
Girl, you've always been the one for me

Now in the future it's you I see  
I want you more and more and more

Like a sunset in my heart  
I know that you've been through a lot  
Now feel me near and touch me slow  
I want you more and more and more

Spend the night and I'll hold you tight  
Girl, you've always been the one for me  
Now in the future it's you I see  
I want you, I want you

Candlelights and a purple moon  
Let's bring the new romantics  
You know I'd swim the atlantic for you  
'Cause I want you more and still even more

Spend the night with me  
I love you I love you I want you I want you  
More, more and more

Spend the night and I'll hold you tight  
Girl, you've always been the one for me  
Now in the future it's you I see  
I want you more and more and more

Like a sunset in my heart  
I know that you've been through a lot  
Now feel me near and touch me slow  
I want you more and more and more
