It's late at night we are sharing all our dreams
Both smart and cute, yes she's exactly like she seems

I'm saying: "don't you know I'd like to stay with you?"
Then she assures me she'll be here tomorrow too

When I'm alone
In a bed that is blue
I'm feeling you are my home
The rain's falling down
On top of my roof
And I swear I can hear our song

I'll follow you
In nighttime memories
Until you hear me calling

Turning off the screen I feel that all we have is words
But it's a dream that's real and I'm flying like the birds

I know it's daylight over there and no moonsoon
But I have to go now girl but I will be back soon

When I'm alone
In a bed that is blue
I'm feeling you are my home
The rain's falling down
On top of my roof
And I swear I can hear our song

I'll follow you
In nighttime memories
Until you hear me calling

I'll show you
A distant world
No one else
Ever seen

Everytime I held you in my arms
I felt you'd never go away
But now I am all alone

Funny how someone who means the world to me
Has forgotten the very thought of me

I'll follow you
In nighttime memories
Until you hear me calling
