Verse 1

Oh no you, you got me turned around, around
But I'm still holding my ground
And I'm oh so through with all the shit you do, do you
Think I'd ever think it's true?

Pre-Chorus

When you said take things slow
And never let you go
And now I want you to know
There's more to life then you and I
So now it's time I say goodbye

Chorus

Because I can see that this can't be girl
This is a big world I'll find a new girl
I believe there was nothing there girl
This is a big world I'll find a new girl

Verse 2

So you don't know what it is you need, you need
So you take it out on me
And you spoke so sweet even though underneath, the
sheets
You were lying through your teeth

Pre-Chorus

When you said take things slow
And never let you go
And now I want you to know
There's more to life then you and I
So now it's time I say goodbye

Chorus

Because I can see that this can't be girl
This is a big world I'll find a new girl
And I believe there was nothing there girl
This is a big world I'll find a new girl
