Daddy's Little Girl lyrics

Her name is linda, she ain't got no friends
Her daddy won't let her go out
Today is friday, it's disco in town
She won't be around

She is daddy's little girl x2
She ain't got no friends at all x4

But oneday she runaway, her daddy was being hurt

She moved to the big city
She won't come back again
No she won't come back

She is daddy's little girl x2
She ain't got no, she ain't got no x2
She ain't got no friends at all x4
