Easy Kind To Find lyrics

The sun is shining, i feel fine
We all have a greatfull time
Iâ€™m sitting down and drink some beers
The end of summer, winterâ€™s near

You are no longer on my mind
You were the easy kind to find
The dreams we had was unreal
So now iâ€™m here alone to heal

You are no longer on my mind

You are the easy kind to find x2

The sun is shining, i feel fine
We all have a greatfull time
Iâ€™m sitting down and drink some beers
The end of summer, winterâ€™s near

You are no longer on my mind
You are the easy kind to find x2

You are no longer on my mind
You are the easy kind to find x2
