Headbanging Lane lyrics

This is a story about a girl
Who wanted gold and real pearl
She hate dirt and rock&n&roll
Now she is just a lonely soul x2

Growing a pain all over my brain
Going insane on the headbanging lane x2

Time to run into yourself

Time to run with your pain
Turn your head against yourself
Looking for an equal mind

Growing a pain all over my brain
Going insane on the headbanging lane x2

Growing a pain all over my brain
Going insane on the headbanging lane x4
