It's No Fun lyrics

Up at six, to work at seven
Where's my freedom, where's my heaven
Break at nine, lunch at twelve
Got no time to find myself

To work at one, a break at three
I dream of a life in luxury
Quit at four, home at five
Feeling more dead than alive

It's No Fun x2

Eat at six, news at eight

Telling me that someone's raped
To bed at ten, to sleep at one
Feeling sick, this ain't no fun

Feel upthight, don't feel alright
Don't understand, the dream of a promised land
Wake up screaming, i've been dreaming
Nightmares again, i'm going insane

It's No Fun x2

It's No Fun x2
